

LAGOM
THE ESSENCE OF STONE

LAGOM THE ESSENCE OF STONE

^{EN}/We live in a fluid age, where we are connected to work 24 hours a day to the detriment of our time: we impatiently wait for answers from our interlocutors at all hours. We are so busy that we forget we have a life. The way out? By deciding together to change our mindsets, behaviours and lifestyles and reclaim the right balance between work and home life. The inspiration comes to us from Sweden. Lagom is the Swedish word for ‘the right amount, neither too much nor too little’. It comes from the phrase “lagom är bäst” which means “the right amount is the best”. The Lagom collection from Terratinta Ceramiche fully embraces this philosophy, treating the natural essence of stone without excess, remaining as true as possible to its identity.

^{IT}/Viviamo in un’epoca fluida, in cui siamo connessi al lavoro h24 a discapito del nostro tempo personale: aspettiamo impazienti risposte dai nostri interlocutori a tutte le ore. Siamo così occupati da dimenticarci di avere una vita. La via di fuga? Decidere tutti insieme di cambiare mentalità, comportamenti e stile di vita, riappropriandoci del giusto equilibrio fra lavoro e vita domestica.

L’ispirazione ci arriva dalla Svezia. Lagom è la parola svedese che significa “la giusta quantità, né troppo né troppo poco”. Deriva dalla frase “lagom är bäst” che significa “la giusta quantità è la migliore”. La collezione Lagom di Terratinta Ceramiche abbraccia pienamente questa filosofia trattando l’essenza naturale della pietra senza eccessi, mantenendosi fedele quanto più possibile alla sua identità.

CHARCOAL

^{EN}/A collection inspired by fine-grained limestone with light colors ranging from White and Beige to the darkest Charcoal. The structure retains visible inclusions of marine residues in its grainy appearance, creating a surface that is particularly popular in contemporary design. This stone-inspired material is particularly suitable for indoor and outdoor use thanks to its neutral tones.

^{IT}/Una collezione ispirata alla pietra calcarea a grana fine dalle colorazioni tendenzialmente chiare, che vanno dal White al Beige, fino al più scuro Charcoal. La struttura conserva visibili nell'aspetto granuloso le inclusioni di residui marini, creando una superficie particolarmente apprezzata nel design contemporaneo. Un'ispirazione pietra che grazie alle sue tonalità neutre si dimostra particolarmente adatta per uso interno ed esterno.

^{EN/}The Terrazzo technique, which can be considered one of the macro-trends of recent years, is perfectly in line with the growing interest in all that is “pattern”.

A poor born material, coming as a cement agglomerate of stone and marble scraps, it takes us back to the Italian history of the 1970s, made up of prestigious floors in Venetian palaces as well as simple floors in the residential homes of the time. A process we chose for the Lagom collection to “decorate” in a minimalist style, creating a retro and contemporary aesthetic at the same time, perfect for designing welcoming and balanced spaces in terms of both colour and style.

^{IT/}La lavorazione a Terrazzo, che può considerarsi uno dei macrotrend degli ultimi anni, è perfettamente in linea con il crescente interesse verso tutto ciò che è “pattern”. Un materiale nato povero come agglomerato cementizio di scarti di pietre e marmi, ci riporta alla storia italiana degli anni '70, fatta di prestigiosi pavimenti dei palazzi veneziani così come di semplici pavimenti delle case residenziali del tempo. Una lavorazione che abbiamo scelto per la collezione Lagom per “decorare” in stile minimal creando un'estetica retrò e contemporanea al tempo stesso, perfetto per creare spazi accoglienti ed equilibrati sia per colore che per stile.
